Estimated Labour time: 40 minutes.

Construction Method:

1. Create 20 x duplets of balloons, each duplet containing 1 x 5" White sand sized to 4", and 1 x 5" Peach Blush sized to 4.5". Over-inflate the balloons, then downsize to size, squashing them until they are round.
2. Tie the closed end of a 260 around one of the duplets, then build a duplet garland by adding the remaining duplets one at a time, rotating each duplet 90 degrees, but keeping the smaller balloons to one side, and the larger balloons to the other. Tie off at the end and remove excess 260. The garland will naturally curve.
3. Repeat Steps 1 and 2 with 20 duplets of 5" Mustard sized to 5" and 5" Rosewood sized to 5.5".
4. Repeat Steps 1 and 2 with 20 duplets of 12" Coffee sized to 6" and 12" Eucalyptus sized to 7".
5. Stack the resulting 3 garlands one on top of the other and attach together using uninflated 260 balloons woven through from the outer edge to the inner, in several places.
6. Inflate the foil balloons with air and tape up the tails.
7. Attach the foil balloons to the rainbow using glue dots or Balloon Bond. Attach them so that the back (unprinted) side is showing.

- Changing the colours of the balloons will create different rainbows for many different effects and events.
