Construction Method:

1. Create a 4-balloon cluster of 5" Lime Green balloons inflated to 3".
2. Create a 4-balloon cluster of 5" Royal Blue balloons inflated to 4".
3. Create a 4-balloon cluster of 5" Red balloons inflated to 5".
4. Inflate the 5" Yellow balloon to 2" and tie individually.
5. Cut the white card tabs from all of the fans.
6. Securely tie the closed end of the 260 through one of the cut-off tabs.
7. Remove the backing from the sticky tape on the red fan and open it out. Just before sticking the edges together, put the 260 into the centre of the fan, with the card tab underneath. Stick the fan together so that the 260 is through the middle.
8. Wrap the 260 around the Red balloon cluster, keeping a little bit of tension.
9. Open out the Blue fan, remove the sticky tabs and stick it together around the 260, then add the blue cluster of balloons.
10. Open out the Green Fan, remove the tabs and stick it together around the 260.
11. Inflate the foil balloon with air, cut off the tabs and wrap the green cluster of balloons around the tail tightly and securely.
12. Pull the 260 up through the green balloons and wrap to secure.
13. Open out the Yellow fan and stick it together around the neck of the yellow balloon. Tuck into the side of the design.
