3. Wrap a weight into the centre of each of the large clusters by pushing the collar of the weight between 2 of the balloons and twisting the balloons around it.
4. Inflate the Blue Link-O-Loons to 10" and tie tightly together to form a chain.
5. Tie each end of the chain into the centre of one of the large clusters.
6. Wrap a small cluster tightly around each joint in the chain, and between the link-o-loon and the cluster at each end.

### IMPORTANT NOTE!

**THIS ARCH WILL BE ENTIRELY SELF SUPPORTING FOR USE INDOORS, ONLY IF THE BALLOONS ARE TIED VERY TIGHTLY AND CLOSELY TOGETHER. IF THE TIES ARE NOT TIGHT ENOUGH, THE ARCH WILL COLLAPSE.**
